

Commodore's Comments.....

The AYC Annual Meeting was held on Sunday, October 12, and I would like to thank all members who either attended the meeting or sent their proxies to assure a quorum.

In a year when there were no controversial ballot issues, dues proposals, etc., it was gratifying to your Officers and Board members to see the large turnout and interest in hearing the committee chairpersons reports on the "state of the Club".

As a result of the election, congratulation to those who will represent you on the Board for the next two years; Ken Durbin, Byron Fairclough, Anthony (Tony) Rozler, Denny Snyder, Brian Staniford and Randy Wells. Although only six could be elected, all those on the ballot were more than qualified and I urge each of you to run again.

Congratulations also are in order for next year's Officers who were unopposed on the ballot, including Steve Tischbein-Commodore, Dan Detchon-Vice Commodore, Will Uptegraph-Rear Commodore, and John Bodnar-Secretary/Treasurer.

I would like to offer a special thank you to Len Persinski, Barry Stayer and Ron Widner, who will be completing their terms at the end of this year. Their hard work and dedication is greatly appreciated.

Just a reminder of the upcoming events which include The Sailor's Banquet November 1st, the Filet Night special November 8th and the New Members Party November 15th.

Have a safe and blessed Thanksgiving.

Paul Tinlin
Commodore 2008

Dock Committee Report.....,,,,,,

An area of concern this year has been the number of "open dock"s available. One of the Past Commodore's commented at a recent Board meeting, that this has been the first year in memory where there has not been a waiting list for docks.

During most of the current boating season, the Club has had 10-12 available docks, and at the end of the season, we still have 7 unassigned docks. So there is no time like the present if you have an interest in obtaining a dock for next season. Perhaps you know someone with a boat who has been interested in joining the Club if a dock was available. Like they say "Carpe diem". Available docks are identified on the board that is located on the porch. They are docks with the "red" dots. Any questions, contact the

Ladies Auxiliary Christmas Luncheon.....
